STRONG AND STURDY

**MADE OF ALUMINUM
CONSTRUCTION MATERIAL**

DECAMP CROSS X3 is CLAD WITH ALUMINIUM SHEET MATERIAL and **REINFORCED** WITH 30 mm ALUMINIUM BOX PROFILE. EXTERIOR COATING is **INSULATED** WITH 20 mm XPS and 12 mm FOLLY ELASTOMERIC RUBBER.

The image shows the interior of a modern vehicle, likely a motorhome or a specialized transport vehicle. The ceiling is a retractable tent-like structure that is currently open, revealing a view of trees with yellow leaves outside. The interior is finished with light-colored wood paneling and features several recessed LED lights. A white table is visible in the foreground, and a small window with a red 'X' is visible in the background. The overall design is clean and functional, emphasizing a spacious and well-lit environment.
